Personal Mission:

Gymnastics has been my voice. It has been my family, my friend, and will soon be my future. I look forward to expanding my gymnastics family once I find my place in the college world. Gymnastics has opened doors for so many, and I aim to advance my gymnastics career while advancing my education. One of my dreams is to compete internationally. I believe that willpower, belief, and ambition will make this dream a reality. And hey, you never know, maybe my ultimate dream of competing in the Olympics is within sight. Keeping my dreams alive - I am Sh'Nai LaRae
